The Salem Keizer Business Alliance

Dedicated to improving local commerce while supporting schools, youth groups, non-profits, and churches in our community, the Salem Keizer Business Alliance is an economic development company registered as a chamber of commerce within the state of Oregon.

The Salem Keizer Business Alliance represents a diverse group of entrepreneurs and business professionals dedicated to the prosperity of their communities. Offering vigorous advocacy for member products and services, this strong coalition works to improve commerce by forming strategic partnerships.

From social events to our popular Business Networking Meetings, our business alliance drives commerce and puts money back into our communities.

Formally known as Willamette Valley Chamber for Commerce, the Salem Keizer Business Alliance (SKBA) is a for-profit Economic Development Company that works with many other companies, such as advertising agencies and providers of products and/or services, to improve local commerce and support worthy causes in our community.

Management of the SKBA believes businesses are the heart and soul of our communities.

The SKBA was founded with the desire to:

- Encourage local commerce
- Provide fundraising opportunities to schools, non-profit organizations, and churches with no out-of-pocket-cost.
- To improve our local economy

The Salem Keizer Business Alliance will help business owners get new customers through their doors the first time, keep them coming back, and show how working with other merchants will help their businesses become more profitable.

The Salem Keizer Business Alliance is:

- A company with our community in mind
- Dedicated to promoting your business and bringing you new customers
- An alliance that shows a heart for our local schools and charities by helping to support them

Business owners, you are invited to join us for our breakfast and lunch networking meetings. The only cost is the price of your meal and you will not be required to join any type of networking group. These meetings provide a great opportunity for business owners to share information about their businesses.

Darque Wines

Darque Wines is a family-owned boutique winery that is focused on crafting limited production wine. We feel these wines exemplify the heart and soul of the beautiful Pacific Northwest.

Established in 2018, we are excited to share our current releases with you because we believe that great wines inspire friendship and should be embraced with open arms!

**Introducing the new...KSLM
and the new Owners & Managers**

What's the hottest, coolest, newest, most exciting thing to happen in Salem and the Mid-Willamette Valley within the last decade? We believe it's the new ownership and management of KSLM Reliable News Talk Radio FM 104.3 and AM 1220.

Some fun fast facts are:

- KSLM has the history of being the first radio station in the Capitol of Oregon, which pre-dated television! It was THE news source during WWII.
- AM 1220 launched in 1971 as a Christian music station with some talk shows such as James Dobson, Charles Stanley and Larry Burkett.
- The format changed from Christian music and talk to Conservative News Talk Radio in 2016.
- KSLM has the top 6 out of 7 top rated conservative talk shows in the nation.
- FM 104.3 was added the following year in 2017.
- KSLM is the ONLY AM/FM combo located in Salem!
- KSLM was voted #1 in the Willamette Valley in 2021 within the new category "Radio Station"

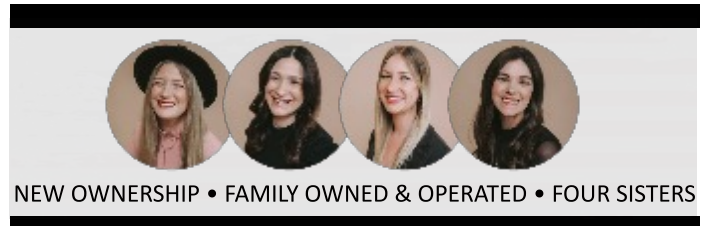

The ownership and management of KSLM changed hands in 2021. Since 2016, KSLM is the ONLY radio station in Salem and Oregon that broadcasts live from every rally at the State Capitol, whether it is a Freedom Rally, a Trucker Convoy or a Right to Life, or Prayer Vigil, that they are invited to.

The new ownership and management consist of four sisters: Jacqueline Smith, General Manager and Administrator. Katie Wilson, Office Manager and Traffic Director. Cynthia Ramirez, Director of Sales. Amanda Smith, Senior Account Executive and On-Air Personality weekday mornings 9-11 am.

The new owners are excited and motivated to bring the best programming and feature the best local businesses to their listeners. Besides adding the FM station, they have brought the latest technology to the old, tried, and true local radio broadcast with their phone app for on-the-go listeners who can tune in 24/7 from anywhere in the world.

KSLM.news, is their easy to navigate website with millions of visitors, featuring local news and weather and more national and world news, a marketplace and online streaming. Latest innovation includes the addition of several local podcasts on many different topics, as well as creating a space for local Spanish conservative voices.

This journey has been a remarkable one. It's allowed me to stay at home with my kids, be a part of their everyday lives, and share my passion for freeze dried confections with the world. As I've built this business from the ground up, I've not only met new people but also brought joy to the countless candy enthusiasts.

In the heart of my home, surrounded by the laughter of my children, I found the perfect recipe for success. Each day, I get to watch my kids grow while nurturing a business that brings smiles to so many faces. My freeze dried candy business is not just about sweet treats; it's about the sweet moments it's created for my family and customers alike."

"In the whirlwind of raising five kids, tending to three dogs, and nurturing five chickens, I found myself yearning for a way to contribute to our family's finances while still being a dedicated mom. I wanted something that would not only provide income, but also allow me to be there for my children and a touch of fun to our lives. That's when the idea struck - freeze dried candy. I'd always loved experimenting with unique treats, and this seemed like the perfect blend of creativity and entrepreneurship. With determination and a dash of entrepreneurship spirit, I took the plunge and started AiRy Freeze Delights, my freeze dried candy business.

KARAOKE FUN CLUBS® 16th Annual
Salem iKON
 Vocal Stage & Performance Competition

Salem iKON Singing Competition State Finals at SHOWBIZ Salem Holiday Expo: Unearthing Tomorrow's Singing Icons

Salem iKON Singing Competition is a transcendent musical event that has firmly entrenched itself as a cultural cornerstone in the vibrant city of Salem, Oregon. With its mission to discover and nurture the next generation of vocal maestros, this annual competition entering its 16th year has become a platform where raw talent converges with seasoned expertise, resulting in an auditory extravaganza that leaves audiences spellbound.

Since its inception, the Salem iKON Singing Competition has been instrumental in unearthing hidden gems within the music industry. The competition serves as a springboard for aspiring artists, offering them an invaluable opportunity to showcase their vocal prowess before a discerning panel of highly regarded judges and a captivated audience.

Open to all genres, the competition embodies a diverse range of musical styles, from soul-stirring ballads to spine-tingling rock anthems. This inclusively fosters an environment where creativity flourishes, transcending conventional boundaries to celebrate the boundless spectrum of musical expression.

This year Salem iKON's State Finals are held at SHOWBIZ Salem Holiday Expo at the Oregon State Fairgrounds Nov. 19th 2023 to help make the show a great family event for everyone to enjoy. 22 singers, 11 Male and 11 Female compete from 11 local singing competition venues vying for 1st place in their category with over \$2500.00 in cash and prizes split between the top 3 singers in each category. This show is to awe inspiring.

A pivotal component of the competition's success lies in its esteemed panel of judges. Comprising accomplished musicians,

producers, and industry insiders, this collective brings a wealth of experience and an acute ear for talent to the table. Their keen insights and constructive feedback provide invaluable guidance to contestants, shaping their artistic journey and refining their skills.

The panel's commitment to nurturing talent extends beyond the competition, as they often offer mentorship and career advice to participants. This personalized approach sets the Salem iKON Singing Competition apart, creating a nurturing environment that empowers artists to evolve and thrive in the ever-evolving music industry.

Beyond the competitive aspect, the Salem iKON Singing Competition fosters a sense of camaraderie among participants. This shared passion for music creates a supportive network where artists can collaborate, learn, and grow together. Many lasting friendships and artistic partnerships have emerged from this vibrant community, underscoring the competition's role as a catalyst for artistic synergy.

The competition's influence on the local music scene is profound, breathing new life into Salem's cultural landscape. It has become a catalyst for the emergence of fresh talent, invigorating the city's music venues with a diverse array of performances. Additionally, the exposure garnered by participants often leads to opportunities for them to showcase their talent on larger stages, both regionally and nationally.

Salem iKON Singing Competition serves as a source of inspiration for aspiring artists of all ages. By witnessing the transformative journeys of past winners, budding musicians are encouraged to pursue their own dreams with unwavering determination. The competition's impact extends beyond its immediate participants, acting as a beacon of hope for anyone with a passion for music.

Salem iKON Singing Competition stands as a testament to the power of music in shaping lives and communities. Through its unwavering commitment to talent discovery, mentorship, and artistic collaboration, it has become a cornerstone of Salem's cultural identity. As it continues to evolve and adapt to the changing musical landscape, this competition remains a beacon of creativity, igniting the flames of musical passion in the hearts of both contestants and audiences alike.

The tale of Stevie's Breakfast is an unconventional fusion of chance encounters and shared musical passion. Cameron, Taiden, and Sean initially found themselves working together at Guitar Center, united by their individual love for music. Amidst the daily rhythms of retail life, they'd often engage in discussions about their favorite bands, citing influences like Mac Demarco, Nirvana, Arctic Monkeys, and The Strokes, among others. After work, they would spend their time going out together along with their close friend Stevie, or exploring the unique sound that arose from the combination of their influences through jam sessions.

Their musical camaraderie grew from these interactions, evolving beyond the walls of the Guitar Center. Their shared creative vision paved the way for the formation of Stevie's Breakfast. When Stevie, the original bassist for the band, decided to leave to pursue his education, they had to find someone to fill the Stevie-shaped void left by his departure. They eventually found Trevor, who fit perfectly with their influences and personalities, and quickly became an essential member of the band.

Taking their music beyond the confines of their practice space in Stevie's garage, Stevie's Breakfast ventured out to share their sonic concoction with the local Salem scene. Their energetic performances, echoing the spirit of their diverse influences, captivated audiences in the intimate venues and bars scattered across the city.

With each show, they left a lingering resonance, gradually building a small, but devoted following drawn to their eclectic yet harmonious sound.

Stevie's Breakfast's journey stands as a testament to the unpredictable nature of musical connections. The band's evolution, from a chance meeting at Guitar Center to a collective musical endeavor, showcases the serendipitous nature of shared passions and unforeseen alliances. Their music embodies the essence of an unforeseen harmony, a symphony born from unexpected encounters and a shared devotion to the art of indie rock.

As their catalog continues to grow, one can only guess how far their sound will take them.

Commercial Business Furniture

Commercial Business Furniture (CBF) was established in Salem in 1869 as Commercial Book Store and has been a fixture on Commercial St ever since. In 1952, Ray Gotchall joined the company as a commissioned salesperson and was with CBF for 61 years. Ray took over the company in 1992, moved to the location at 1070 Commercial St NE, rebranded to Commercial Business Furniture and introduced his son, Steve to the business. In 2013, Ray and Steve, started the retirement process and we

were fortunate enough to have the opportunity to purchase CBF and this became a reality January 1st, 2014. CBF is now a woman owned LLC and still a family run business. Katy Mizer, sole proprietor, and her husband, Dale, have over 30 years combined experience in office furniture, both sales, design, space planning, manufacturing and ergonomics. Their son, Sawyer is also a large part of the business providing sales assistance, ergonomic consulting, floor plans and service.

Along with a great team of sales and service professionals, awesome local manufactures and distributors, as well as distributors across the

country, CBF strives to provide the best possible products and service to Salem and the surrounding areas.

classical guitar in the Willamette Valley include isaacengelmusic.com, corvallisguitarsociety.org, siemprelaguitarra.com, pdxguitarsociety.org, and usclassicguitar.org. Stay tuned for more news from Salem and your local classical guitarist Isaac Engel!

Have you seen the posters? The Facebook posts? The emails? Live music in Salem is back! With powerful musical groups such as Joe Kyle and the Folly, Jarred Venti, Birth of Happiness, JFK, and Rich McCloud returning to regular performance schedules... it's time to celebrate the return of live music to our Salem community! Did you know... that Salem is home to a small but growing classical guitar community? This summer in Salem, classical guitarist Isaac Engel hosted two social events for classical guitar players and fans in the Anderson rooms of the Salem Public Library. Seven or eight years ago, these events would have been attended by just one or two, but now in 2023 the small room

was filled with beautiful classical guitar music enjoyed by six to eight players plus audience. "What does the classical guitar have to offer me?" you might ask. For those who study it the classical guitar offers personal discipline, fine-tuned physical dexterity, musical sensitivity, and personal expression. For listeners, the music of the classical guitar offers a gentle listening experience that invites people into a place of beauty and spiritual peace. If that sounds a little far to you, just search up "Recuerdos de la Alhambra" or "La Catedral" in your music listening media of choice to experience this! Great resources to learn more about

HOW IT ALL BEGAN...

Los Andes Shop owners Debbie & Benoit Berho married in 1987 and continued our interest in textiles. We began importing hand-knit sweaters in 1988. We started with angora sweaters knit by Benoit's mother and friends in Chile. Two of Benoit's brothers married Ecuadorian women, and we traveled to Ecuador to visit them. While there, we visited Otavalo, a town high in the Andes, famous for its colorful "Plaza de ponchos." We became friends with several Otavaloans and soon started importing the beautiful alpaca and woolen items created in this town and neighboring Peguche. We lived in Ecuador during Debbie's sabbatical and deepened our knowledge of the country, Ecuadorian textiles, and respect for these crafters.

LONG-TERM RELATIONSHIPS

We are so grateful to have a long relationship with hard-working people like doña Rosa & her husband, don José. Many Otavaleños proudly maintain their distinctive traditional dress, as pictured here. Our family visits our suppliers in their homes and shops, knows their families and their stories, and considers them our friends. We have a relationship of trust and fairness. We strive to represent them well, and pay them the prices they

set for their goods. Our handicrafts are imported directly – we've learned a bit about shipping and customs over the years! Your purchase assures that we continue doing business with the artisans without any middlemen.

SUCCESS FOR WOMEN ARTISANS

Many of the artisans are single women or moms whose sewing or knitting at home allows them to support their families and watch over them at the same time. One of our long-term suppliers told us how she began weaving when she was too small to move the loom shuttle with just her arms, so she would walk it back and forth. Today, though advanced in years, she manages her own store and weaving workshop and employs many women to sew at home, keeping a close eye on the quality of their work.

FROM SLAVERY TO PROSPERITY

These handicrafts are not only beautiful and unusual, but they also tell a story of success for the people of Otavalo. (Debbie cannot resist explaining this

because, after all, she has a degree in Latin American History) The Spaniards forced many native Ecuadorians to work in "obrajes," basically textile sweatshops. The fabric they produced was used all over the Spanish empire for hundreds of years. After Independence, the Ecuadorian people took advantage of their skills for their own benefit, gradually gaining ground. Some of the older crafters remember earning only 1 sucre per day for 8 or more hours of weaving or sewing – that was 1/15th of 1 US dollar in 1950! They now own the means of production – design software, sewing machines, looms, buildings, and trucks for transport – and provide employment for many community members.

OUR PRODUCTS

We carry traditional designs of wool sweaters, gloves & hats, and acrylic-alpaca blend blankets, throws, and ponchos. We've also innovated hoodies and blankets featuring Mt Hood and Bigfoot, perfect for the Northwest!

We, at Epiphany Pantry, are in business to produce smiles. We seek to discover, make and provide delicious foods that are:

A Life Experience, a first taste never forgotten and conversation creating. Culinary Epiphany.

Unique and intriguing. Generally not found elsewhere in the marketplace. They stand out with colorful, cheerful and fun packaging.

Simple to use and understand. Anybody can enjoy them! No cooking skills are needed. If you just want to use them as condiments, add them over dishes. Skilled cooks can use our oils and vinegars as a straight substitution in recipes. There are no unrecognizable ingredients.

Epiphany Caramelized Balsamic Vinegar- In a word, versatility describes Epiphany Caramelized Balsamic Vinegar. It enhances the flavor of all produce, raw or cooked, fruit or vegetable... All dairy, cheese, ice cream, yogurt... Most baked goods... All fish, especially salmon... All meat. How is it possible? We make Epiphany Caramelized Balsamic by reducing a 3 year old balsamic over high heat for 3 hours, we then add citrus juice and a little

dark brown cane sugar before reducing it once more before bottling.

All of this reducing does the same thing as aging. It drives out the most bitter volatiles, leaving the vinegar mellow. Not exactly the same as a 30 year old balsamic, but very close and with one less digit in the price tag!

Epiphany Herb Infused Grape Seed Oils- With Garlic or Rosemary- One step ease of rosemary or garlic seasoning and all the attributes of grape seed oil. A smoke point of 420 degrees, **zero trans fat, non hydrogenated, polyunsaturated, high in omega 6 especially linoleic acids, high in vitamin E.** Grape

Seed Oil does not coat your tongue, and itself is nearly flavorless before we infuse it, so other flavors reach your tastebuds without interference.

Candies- Epiphany Port & Cashew Balls are a twist on Rum Balls, having Port rather than rum, and cashews rather than pecans. We also have Cashew Toffee, and Pecan & Cinnamon Toffee for your sweet cravings!

Hello Jury,

Medicine is the Mission* at Metolius Hemp Co. where we strive to help people with premium, organic, hand crafted, CBD, CBG, & CBN wellness products. We are a small family company that started as hemp farmers who realized we could bring much more to the CBD movement, so on 5/20/20 we formed Metolius Hemp Co. with a vision and a lot of hard work. "From seed to satisfaction" means we grow our own hemp here in Bend at our 4 acre organic farm using only Oregon CBD seed bank genetics, and then use our proprietary enhancement processes to handcraft our products on our custom production floor to help our customers and club members with 5 main wellness issues.

1. Stress & Anxiety: River Dips. 100mg CBD lip pouches
2. Sleep: River Dreams. CBD & CBN mixable sleep powder
3. Pain & Inflammation: River Springs. Whole Plant CBD & CBG topical pain roller and sticks, River Caps. 100mg CBD capsules
4. Tobacco Replacement: River Rolls & Logs. Enhanced CBD & CBG prerolls and cannagars
5. Pet Wellness: River Drops: 600mg CBD, salmon & mct oil

As vendors we bring enthusiasm and fun to any event, as well as truly unique CBD wellness products. We provide free samples to anyone interested in trying CBD and spend the majority of our time educating people on the differences between CBD, CBG, & CBN. Also on the health benefits of cannabinoids and their role in the homeostasis of the endocannabinoid system in the human body. As craftspersons we use the highest quality flower, extracts, and concentrates with unique processes to make user friendly and efficacious wellness products.

Our products are non-psychoactive and 100% federally compliant. We are a licensed hemp handler by the OLLC and the ODA. We are also an ODA Food Grade Certified facility. Feel free to contact me for any questions or to get a sample pack for the jury. Thank you for considering Metolius Hemp,

Becka Makes Buttons, LLC: A pin-back button-making company specializing in custom bulk buttons, button-based products, and button parties. Located in Salem, Oregon, Becka Makes Buttons, LLC, represents a business defined by creativity, community, and a deep-seated purpose. What started as a childhood love for buttons has grown into a thriving enterprise.

Early Beginnings: In 2011, Becka Makes Buttons started as a one-woman operation in Tacoma, Washington. Becka's journey commenced with her first button, a gift from Ramblin' Rod at the tender age of 3. This small keepsake sparked a lifelong fascination, leading to making her first button at the age of 8. The year 2011 marked the official launch of her button-making venture with the purchase of her first button press.

A Journey of Transformation: In 2016, Becka took the next step, transitioning from Sole Proprietorship to an LLC, showcasing her dedication to

growth and expansion. She ventured across the West Coast, participating in events and providing a space of wonder and creativity through buttons. This period also saw the birth of the "creation station," a precursor to her lifelong dream. The Button Shoppe: In September 2021, Becka's dream became a reality in her hometown of Salem. "The Button Shoppe" celebrated button artistry and community connection.

Beyond Buttons: Becka's journey is not just about crafting buttons; it's about building genuine human connections. Buttons have helped her overcome struggles with depressive disorder, anxiety, and substance abuse. She thrives

on spreading love and community engagement through her work. She also dedicates her time to working with youth and her recovery community.

A New Chapter: The Button Shoppe closed in August 2023, marking a new beginning. Becka now leads "Radness Ensues," a nonprofit focused on elevating community engagement.

Becka Makes Buttons, LLC, is more than a button business; it's a testament to passion, creativity, and the journey of transforming a childhood fascination into a lifelong dream that fosters human connection, creativity, and community engagement.

The foundation of all our cheesecakes is a 3rd generational cheesecake recipe that has been perfected over time. It's light and fluffy, creamy and savory, dense and firm. We are not just cheesecake but an assembly of local ingredients, great products, and loyal customers. We try our best to keep everything local, by collaborating with other vendors and small business owners. The fruits, candy, and many other ingredients are grown and made here in the Willamette valley. We strive for perfection in every cheesecake that is baked. We would not be us if it was not for the support from our loyal customers.

Original Cheesecake For our original cheesecake, honestly, there is not much to say. The creaminess is consistent in every bite. The texture and flavor say it all. It's not overly rich but yet satisfying,

that's what makes it the start of the show. It only takes one bite, and your taste buds will do the rest.

Maui Melts Caramel Cheesecake

Our Maui Melts Caramel Cheesecake is one of our best sellers. Maui Melts has provided us with their handmade sea salt caramels and sea salt caramel drizzle sauce. Throughout the cheesecake, chunks of caramel in every slice make the perfect blend between rich and creamy, sweet and savory. To top it off, we generously drizzled Maui Melts Ohana Sauce (sea salt caramel drizzle) making it the perfect masterpiece.

Rum Raisin Cheesecake

Rum Raisin Cheesecake is three distinct flavors combined to make a world-class cheesecake. With raisin that has soaked for more than three days. Rum that has been imported from the Caribbean. It's different, but delicious with the perfect amount of everything. Last but not least, we top it off, with a thin layer of cream cheese icing that's been swirled together with rum and a light sprinkling of raisins.

Lemon Blueberry Cheesecake We are proud to say that most of our fruits are grown here in Oregon. Fresh

Lemon and Blueberry, make the perfect combination. With chunks of dehydrated blueberries and fresh lemon zested by hand, we make a perfect dessert for the family.

Reese Peanut butter fudge cheesecakes

For the peanut butter lover, we present you with peanut butter on top of peanut **Lemon Blueberry Cheesecake** We are proud to say that most of our fruits are grown here in Oregon. Oregon Paralyzed Veterans of America (OPVA) is one of 34 chapters across the United States including Puerto Rico, the local chapter incorporated in 1976 and changed the name in 2022 to **Paralyzed Veterans of America Tri-State Chapter** to better represent our territory, (Oregon, Idaho & SW Washington) Tri-State is a chapter of Paralyzed Veterans of America. PVA Tri-State serves the needs of its members – U.S. military veterans with spinal cord injury or disease (SCI/D) The local chapter has the same mission as the national parent organization, we are working individually with each member.

Although PVA Tri-State Chapter holds and carries out the Mission of PVA National, our main focus has been on rehabilitation thru Sports and Recreation. Some of those activities are;

- Competitive Trap Shooting
- Air Gun Competition
- Deep Sea Fishing
- Salmon Fishing
- Golf
- Disc Golf
- National Veterans Wheelchair Games

Tri-State Chapter

There are many different ways you too can come along side our Veterans and support them, from volunteering at the many events they attend to helping with their fundraising activities. The Tri-State Chapter does not receive any funding from the State or Federal Government, but relies solely on donations and fundraising to provide services and programs for our Paralyzed Veterans. You can go to our website at <https://tristatepva.org/> or scan to stay up to date on all the activities of our members.

If you would like to help support the programs and the mission of PVA Tri-State your financial gifts are greatly appreciated again you can go to <https://tristatepva.org/donate/> or Scan this QR Code and be taken directly to our donate page.

Paralyzed Veterans of America, is a congressionally chartered veterans service organization founded in 1946, has developed a unique expertise on a wide variety of issues involving the special needs of our members – veterans of the armed forces who have experienced spinal cord injury or dysfunction.

PVA will use that expertise to be the leading advocate for:

- Quality health care for our members,
- Research and education addressing spinal cord injury and dysfunction,
- Benefits available as a result of our members' military service,
- Civil rights and opportunities that maximize the independence of our members.

To enable Paralyzed Veterans to continue to honor this commitment, we must recruit and retain members who have the experience, energy, dedication, and passion necessary to manage the organization and ensure adequate resources to sustain the programs essential for Paralyzed Veterans of America to achieve its mission.

PVA was originally founded by a band of service members who came home from World War II with spinal cord injuries. They returned to a grateful nation, but also to a world with few solutions to the major challenges they faced.

These wounded heroes made a decision not just to live, but to live with dignity as contributors to society. They created Paralyzed Veterans of America, an organization dedicated to serving veterans—and to medical research, advocacy and civil rights for all people with disabilities.

Since 1946, Paralyzed Veterans of America has been on a mission to change lives and build brighter futures for our seriously injured heroes. We've had a single-minded mission—to empower our brave men and women to regain what they fought for: their freedom and independence.

Recognizing the challenge of getting furniture delivered, moved or removed in recent years, father and son Bill and Chris McCullough created Go4U Essentials in 2020 to assist residents in (service area) with

furniture transport, lifting, assembly and removal. The family owned and operated company is committed to personal, compassionate service, and has a heart for helping seniors. In addition to pick up and delivery of furniture and home goods, Go4U Essentials also provides assembly. Frequent requests for removal services include goods from estate sales, yard sales, auctions and retail locations. Now, after three years of serving the communities in the Salem area and a plethora of requests for moving father and son team are happy to announce the change to "McCulloughs' Moving and More". While still providing delivery, lifting, assembly and removal, Bill and Chris

can now make moving easier with a full complement of moving services. One customer said: "They were so conscientious about not damaging anything while they moved a heavy fire pit and then they hauled junk away and it all went very smoothly!! I will have them back and highly recommend to anyone."

Looking for a warm, open and friendly place this holiday season? Olive Garden is a great place to enjoy time with your loved ones, especially during the holiday seasons approaching us. We love to celebrate everyone during the upcoming season by giving back to our community. Every Veteran's Day we honor our veterans by giving back to them, with a free meal to warm them right up. The month of November is all about who you consider spending time with and being thankful for. So with all the cooking you're going to be doing with your loved ones, take a day or night off and allow us to do all the serving. We offer great lunch menu prices as well with a Never-Ending First Course. Every year Olive Garden participates in the Local Giving Tree program to help local organizations assist those in need. During the holiday season starting November 24th; you can come in and grab a tag from our tree, it will specify the child in need of a gift with their age and gender. It's very simple from there, go ahead and take that tag home with you to pick out the perfect gift, attach the tag and bring it back unwrapped. We will take care of the rest! You can come in and join one of our many experienced servers, talented bartenders for the 21 and up crowd, or order ToGo online or with one of our phenomenal Togo Specialists. If you want to have some of our delicious dishes be the key point to your holiday work party or get together, make sure you ask us about catering. One our specialists will deliver and set it all up for you, making it so much easier to have Olive Garden on the go. We love to celebrate everyone, so let us celebrate the holiday season together! So come on in or call your Salem Olive Garden today! We're all family here!

DragonBorn Studios

DragonBorn Studios was an idea hatched in 2022 by the married duo, Rob and Heather, along with their good friend Julie. This trio, being longtime friends, ran a business together for a few years. However, along with many other small businesses around 2020, they decided to close their doors and forge ahead into new ventures.

Even though their brick-and-mortar store was now closed, Rob, Heather, and Julie were determined. They pooled their various trades together, and came up with the concept of a new business that was both endearing and innovative. With a new business, though, came the need for a new name. Over many naming debates, ideas were thrown about, yet no words hit the mark. Calling in aid from a close friend, Julie offered the phrase "DragonBorn". In response, Rob suggested "Studios".

The trio were in love. In the beginning the printer was used to fix laser tag equipment, but after closing the store what were we to do with the printer Rob started tinkering with it and found Cinderwing3D, and how fun the articulating dragons then more passion was born for the printing. Our Friend Julie is our Photographer taking lovely pictures of the dragons, other sceneries, and our website. These articulating dragons are amazing fidget toys, or a good decoration for children and adults alike. We have so many so many Breeds, Colors to chose from, different ages, also have other creatures. If you would like to make an order this is our website:

dōTERRA[®]

When Tanya Cotterell was first introduced to dōTERRA essential oils, she was skeptical. Like most moms, she had a list of problems she was working to solve for her young family. She was praying for a way to keep her two year old son healthier and to help her daughter focus on schoolwork and find emotional balance. She and her husband ran two businesses and juggled parenthood with four children. They were stressed and they needed solutions, but she wasn't sure the simplicity of plant oils would do much to help. She was surprised to learn the chemistry found in many plants offer powerful therapeutic benefits to our own bodies. She now calls the summer of 2012 her "summer of miracles" after watching essential oils resolve several health needs in their home as she learned how to use them.

Tanya realized she had been given access to a tremendous gift and she began sharing what she was learning with other families. Her passion to help others grew into a

flourishing business that eventually became their family's full-time income. Over the years, she has found great joy in Tanya realized she had been given access to a tremendous gift and she began sharing what she was learning with other families. Her passion to help others grew into a flourishing business that eventually became their family's full-time income. Over the years, she has found great joy in teaching thousands of people how to take care of their families naturally.

As a result of growing up with these natural tools, Tanya's daughter Emma Hamilton now works along side her to bring the power of dōTERRA essential oils into homes across the Willamette Valley. They share a mission to help families discover safe, effective, and affordable methods to addressing their wellness struggles. Together they are helping community members address issues like gut health, sleep, pain, metabolic balance and many other wellness goals.

Keizertimes

For more than 40 years the Keizertimes has covered the news and information of Keizer's seven square miles. The Keizertimes covers the news that readers care about most: city government, crime, fires, schools, local sports, business and interesting people. Everyone has a story, we find it and write about it.

A good source of Keizer customers is the weekly newspaper. We also publish a number of special sections, four of which get mailed to 14,000 Keizer homes three times a year, including the KeizerFEST guide.

Keizertimes.com is the comprehensive source of updated news. We are a big part of the community and no other outlet can report what the Keizertimes can. We know the nooks and crannies of the city, we know the people.

If it happens in Keizer, it is in the Keizertimes.

SUNMED™

Your CBD Store

Meet Ashley Torrez:
Local Sunmed | CBD Store Owner

Hi, I'm Ashley Torrez — a mother of three daughters and the proud owner of your local Sunmed | Your CBD Store in Salem, Oregon. My path to becoming a CBD store owner and wellness expert was inspired by my desire to find a meaningful way to help the people in our community.

After 16 years in direct sales, a friend introduced me to Sunmed CBD products. Driving home after trying her samples, I felt calmer and more relaxed than I had in years — my everyday tension, feelings of anxiousness, and back pain were nearly gone. These transformative products soon became a part of my daily life, sparking my mission to bring modern wellness to Salem. Our local Sunmed | Your CBD Store is one of over 400 storefronts nationwide, with natural, science-backed products for routine well-being. We offer a range of hemp formulas for every wellness need — better sleep, relief, relaxation, recovery, focus, energy, and weight loss. My favorites include our new clinically proven sleep

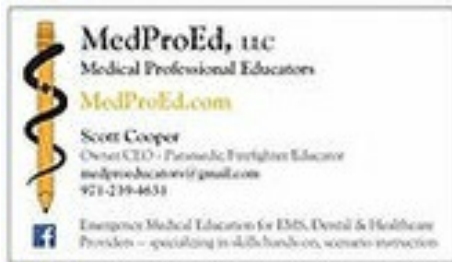

CBN gummies, USDA-organic oil tinctures, pain relief topicals, and our veterinarian-approved CBD chews for pets! Every Sunmed product is third-party tested for full transparency and premium quality. While CBD remains at the core of Sunmed's mission and product offerings, we're proud to introduce non-hemp wellness products like our mushroom and supergreens gummies. My customers add these gummies to their CBD routine and enjoy the consistent benefits with no harmful side effects.

For me, the most rewarding part of being a Sunmed | Your CBD Store owner is

changing people's lives. When customers hug me, thanking me for bringing these products to Salem, it's why I do what I do. We can't wait for you to come in and meet our team of wellness experts and provide you with CBD education, personal consultation, and guidance toward the best formula for your wellness journey. Stop by and mention this article for \$10 off — it's our gift to you for supporting local. Here's to CBD. It's changed my life, and it could change yours.

See you soon,
Ashley Torrez

CLUB WORKS is a Authorized Licensed Digital Karaoke Dealer.

Club Works Sound & Lighting: Elevating Entertainment Experiences over 3 decades

In the heart of the Salem Oregon vibrant entertainment industry, Club Works Sound & Lighting established in 1997 stands as a beacon of innovation and excellence. Nestled at the intersection of technology and artistry, this dynamic enterprise has established itself as a trailblazer in the realm of local event production, renowned for its unrivaled commitment to delivering awe-inspiring audiovisual experiences from churches to karaoke clubs. Founded with a passion for transforming ordinary spaces into extraordinary environments, Club Works Sound & Lighting has been illuminating stages and dance floors for over three decades. With a portfolio that spans an eclectic array of events, from pulsating nightclub soirées to opulent galas and electrifying concerts, the company has solidified its reputation as the

go-to destination for cutting-edge sound and lighting solutions.

The audio division of Club Works is a testament to the company's unyielding pursuit of sonic perfection. Equipped with state-of-the-art equipment and a meticulous attention to acoustics, they curate soundscapes that are immersive, balanced, and crystal clear. Whether it's the pulsating bass lines that reverberate through a dance floor or the nuanced harmonies that grace a live performance, Club Works Sound engineers sculpt audio landscapes that resonate with the soul. This year 2023 at the SHOWBIZ Salem Holiday Expo Club Works Sound & Lighting will be showing off its new JBL EON MK 11 line array speakers (Available for rental) which can be battery powered for truly amazing sound anywhere even if there is no electricity available and has an onboard mixer.

The lighting arm of the enterprise is equally impressive, pushing boundaries to create visual spectacles that leave audiences breathless. Club Works' designers are adept at harnessing the power of light, employing cutting-edge fixtures and dynamic control systems to craft atmospheres that range from sultry and intimate to bold and electrifying. Each stroke of light is choreographed to sync seamlessly with the music, creating a synesthetic experience

that transcends the visual and auditory senses.

What truly sets Club Works Sound & Lighting apart is their relentless pursuit of customization. Recognizing that every event is a unique canvas, the team works closely with clients to understand their vision, ensuring that every detail aligns with their desired ambiance and theme. This bespoke approach is the cornerstone of their success, allowing them to transform diverse venues into captivating spaces that mirror the essence of the event.

Moreover, sustainability is woven into the fabric of Club Works' ethos. Embracing eco-conscious practices, the company pioneers the integration of energy-efficient technologies, minimizing environmental impact without compromising on the brilliance of their productions. From LED lighting systems to optimized sound setups, every facet of their operation is meticulously designed to harmonize with the planet.

In the ever-evolving landscape of event production, Club Works Sound & Lighting stands as a paragon of innovation, a testament to the transformative power of audiovisual artistry. With a legacy of unforgettable events and a future illuminated by boundless creativity, this visionary enterprise continues to redefine the boundaries of possibility, one extraordinary event at a time.

Doing it Right

When a listener calls in to say, "We love Karla's news so much that even if we're listening to another station, we switch over to KFIR just to catch her" — all you can say is, wow!

When Karla Davenport joined KFIR in late 2019 as News Director, she wasn't completely new to radio. She'd been the producer for the *I Spy Radio Show*, since its launch in 2011. But being in front of the mic? On air? That's a lot of pressure for someone used to being behind the scenes. But she knew management was taking a chance on her and she wasn't about to let them down. And when we get call-ins like that listener, we know she's exceeded expectations.

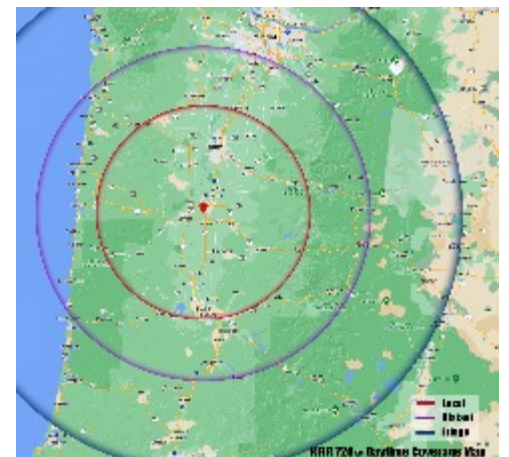

Karla has a master's in education, specializing in public policy, and writes the news with education in mind. How she approaches news is how KFIR approaches everything it does—including its choice of programming.

"We want people not only to hear what's happening in the world but be able to learn something—and to really think about things from a better understanding. I love my job! And if I can help people learn something by covering news the mainstream news ignores? Or spins? Well, there's just no words for that."

KFIR Programming

Sometimes, the best radio in town is in the neighboring town. KFIR is based in Albany, but our huge signal can be heard almost anywhere in the Willamette Valley. No need to worry you'll lose signal a few miles out of town just as a show is really heating up. Owner Michael Astalis, who grew up behind the Iron Curtain, knows how important good information is. That's why our lineup

features top shows like: Mike Gallagher; Markley, Van Camp & Robbins; Dana Loesch; Lars Larson (national show); Charlie Kirk; Bill O'Reilly; John B. Wells; Clive Lewis; and I Spy Radio. The right mix. Great programming, great news, great people, and a great signal. Turn your dial to 720AM.

Kickin' Cancer (in the Donkey)

What is the best thing a woman can do to battle cancer? Go running in the mud with dozens of enthusiastic supporters, of course. That is exactly what Brenda Farris, co-founder of KickinCancer, did at the suggestion of her brother, Baron Robison, in May 2018. Along with supplements, Brenda is fighting metastatic breast cancer with diet and exercise. As Brenda was flying home to Mesa, AZ in May 2018, Baron realized her story, to stay alive, had actually inspired others to fight their own fight for their own reasons. So in July 2018, Baron formed HelpTeamBrenda, a not for profit business designed to promote cancer awareness, educate people how to ProActively Prevent cancer, and fundraise for local WARRIORS in the fight. In October 2018, with the encouragement of good friends, Baron formed a "Domestic Non-Profit Corporation" called WeAreTheSolution dba KickinCancer.

It is the mission of KickinCancer to **EMPOWER individuals to thrive through the cancer journey with support and education. The vision of KickinCancer is to see a 50% reduction in new cases of cancer through ProActive Prevention.** For more information about their support and education programs go to Kicking-Cancer.org. The KickinCancer movement has gained speed over the past 5 years as more people believe that there is a solution. We invite you to "Join the Movement" by listening to our radio show on KSLM 104.3 FM 1220 AM or kslm.news on Sat at 9am PST, go to our podcast KickinCancer Cares on any podcast service for older shows, participating in one of our programs focused to assist our local neighbors who have cancer now, come to an educational clinics to "take control of your life" and put the odds in your favor to NOT get cancer, go to 3737 Cherry Ave NE Keizer to purchase a KickinCancer shirt or go to Kicking-Cancer.org and donate. Baron Robison, the Chief Visionary Officer and Executive Director for KickinCancer can be reached at execdir@kicking-cancer.

Social Media Triumphs of NightOutSalem.com and DayInSalem.com

In the bustling city of Salem, where vibrant nightlife and dynamic daytime activities converge, two digital pioneers have emerged to redefine how locals and visitors experience the city: NightOutSalem.com and DayInSalem.com. These platforms have harnessed the power of social media to create a dynamic online community, connecting individuals with a diverse array of events, attractions, and experiences.

Utilizing platforms such as Facebook, Instagram, and Twitter, Pinterest, LinkedIn, Blogger NightOutSalem.com has crafted a cohesive and engaging online persona. Regular updates, including event highlights, artist spotlights, and behind-the-scenes glimpses, keep followers informed and intrigued. Their content strategy doesn't just advertise events; it paints a vivid picture of the city's thriving nightlife, enticing audiences to become part of the experience. Over 150,000 social media followers in the Mid Willamette Valley and 50,000 visitors stay updated by local and exclusive information provided by NightOutSalem.com and DayInSalem.com.

The social media efforts of NightOutSalem.com and DayInSalem.com have transcended mere promotion, evolving into a genuine celebration of Salem's cultural richness. Through captivating content, strategic engagement, and a genuine passion for their city, these platforms have not only revolutionized how individuals experience Salem but have also become integral parts of the city's social fabric. As they continue to evolve and adapt to the ever-changing social media landscape, NightOutSalem.com and DayInSalem.com stand as beacons of inspiration for digital pioneers everywhere.

NightOutSalem.com has become the go-to source for all things nightlife in Salem. With an intuitive interface and an extensive database of events, the platform has curated an experience that caters to the diverse tastes of the city's inhabitants. What sets NightOutSalem.com apart, however, is its exceptional social media presence.

By leveraging user-generated content, NightOutSalem.com has transformed its social media channels into a community hub. Encouraging attendees to share their experiences and tag the platform has fostered a sense of camaraderie among event-goers, further solidifying NightOutSalem.com as a central player in Salem's social scene.

In contrast, DayInSalem.com focuses on curating experiences for those seeking daytime adventures in the city. From historical tours to outdoor excursions, the platform serves as a comprehensive guide to all things daytime in Salem. Their social media strategy complements this mission with precision and flair.

Through platforms like Instagram and Pinterest, DayInSalem.com showcases the city's myriad attractions in stunning visual narratives. High-quality imagery and captivating captions entice followers to explore the hidden gems and well-known landmarks that Salem has to offer. The platform's blog content is seamlessly integrated into their social media strategy, offering in-depth guides, insider tips, and personal experiences, further solidifying their credibility and expertise.

Both NightOutSalem.com and DayInSalem.com have mastered the art of community engagement. Beyond event listings and activity guides, they actively seek to connect with their audience on a personal level. Responding to comments, conducting polls, and initiating conversations around trending

topics create a dynamic feedback loop that strengthens their bond with followers.

Moreover, by collaborating with local businesses and influencers, both platforms have amplified their reach and credibility. Partnerships with venues, artists, and prominent figures in the community have not only expanded their network but have also added an extra layer of authenticity to their recommendations.

Hello and peace to you! My name is Shelley Hines. I am a retired Advanced Practice Nurse and Certified Nurse-Midwife. I am still a Registered Nurse. I have practiced in Salem for over two decades. Like many nurses, I found that I could no longer work within the mainstream of healthcare in Corporate America, because it is 'sickcare,' and it was creating dis-ease in me and my fellow colleagues. I was fortunate to have left in 2019 before watching what the Covidian Era was to bring into view. It was then I began in earnest my own self-care journey. I incorporated clean eating, movement, and mindfulness exercises. During the Covid-19 lockdown I found peace through self-discovery and exploring deeply other areas that have held passion for over my life.

These all involve helping one to find their true expression – their authentic voice. Some tools I use to help clients are my nursing expertise with experience in life, death and beyond issues; Pastoral Evolutionary Astrological counseling, Intentional Creativity®, hypnotherapies, and spirituality; listening to and assessing clients life stories via a nursing/healing perspective; addressing their life's trajectories, desires, strengths, and

and weaknesses; and developing a personalized plan for successful, authentic self-expression (voice) through different creative processes. I founded the She Rises in Wellness women's retreats where women meet with me in group or privately for sessions. I assist people in finding their center of peace and their true north by creating a sacred container for gentle awareness to be reborn.

Life is all about integrating the transits of change from day one. We are living in an unprecedented time of transformation and painful growth. We do our best if we can be centered, and in the world, but not of it. How can I help you remember your path? Contact me at 56Shines@gmail.com

Horses of Hope Oregon was established in 1988. Our history makes us the longest continuously operating equine assisted therapeutic program in the State of Oregon.

We are a 501(c)(3) non-profit organization. Horses of Hope Oregon offers equine assisted services utilizing the natural movement and empathy of horses to improve the well-being of people with challenges. Our equine therapeutic programs provide physical, cognitive, emotional and behavioral benefits, as well as independence and a sense of empowerment. Therapeutic riding sessions are offered year-round, and coordinated with the Salem-Keizer school calendar.

Each year we serve over 200 participants, with over 120 different diagnoses. Our riders are from the mid-Willamette Valley and nine surrounding

counties. Horses of Hope Oregon is supported thanks to the many generous donors, foundations, sponsors, and committed volunteers – who are all an essential part of our success. We offer monthly orientations for those interested in volunteering. We are extremely grateful to the many volunteers for their time, expertise, and dedication during their 8700 hours of volunteering.

OUR PURPOSE

Health, Happiness, and Healing through Horses

OUR VISION

To continue to provide equine-assisted therapeutic programs that serve more people, in a variety of innovative ways, which meet the needs of the varied and diverse populations of the Willamette Valley community and Oregon. We also seek to broaden our reach in a sustainable fashion that best serves our community.

OUR MISSION

To improve the lives of people living with physical, cognitive, emotional, and behavioral challenges through innovative, accessible, safe and rewarding equine assisted therapeutic programs of the highest quality.

To support our clients, their families, and caregivers in a relaxed, supportive, nurturing environment as we work together to promote wellness, enhance capabilities, and foster independence.

A unique foster care program in Oregon is looking for foster parents in Willamette Valley.

The Oregon Youth Authority (OYA) is looking for foster parents for youth and young adults ages 12 to 24. Previous foster care experience is not required to sign up, and training is available.

“We are a statewide program,” commented Christin Pickle, Foster Care Certifier and OYA contact for Willamette Valley. “Currently in Salem, we have 1 foster home and 4 in the surrounding areas. Altogether, in the state we have 32 homes. Having families in our area helps keep young people close to their communities.”

Sometimes, the young people in Oregon Youth Authority custody spend time in juvenile correctional facilities, but the majority live in the community. Oregon Youth Authority's foster care program provides homes and supportive environments for teens and young adults who are working toward returning home and need to learn independent-living skills. A supportive, stable home environment can make a huge difference for a young person as they transition back into the community.

Youth and young adults in care have their own state medical card. Foster parents provide basic housing, food, clothing, transportation,

recreational opportunities, and spending money, and receive a monthly tax-free stipend of \$1,782 per individual in care.

“OYA provides a huge support system to families and youth, including training, resources, and regular check-ins to assure you have the support that you need.”

OYA parole and probation officers work with foster parents on youth case plans and meet regularly with youth to check on their progress and help them set goals. OYA also provides a wide range of training to foster parents, from first aid and CPR to training specific to youth needs, such as mental health, substance use disorders, or other challenges.

SPARROW

FURNITURE & HOME GOODS

Sparrow Furniture was founded a few years ago, with the goal of providing employment and training opportunities for newly arrived refugees. We have a passion for social business at Sparrow and are able to provide desperately needed employment to incoming refugees and many other services provided during the workday. Our apprenticeship program is 12 to 24 months, which includes training under experienced woodworking professionals, complete daily language tutoring, and work placement preparation at the end of their time at Sparrow. We love see

their time at Sparrow. We love see the positive impacts that our program can make, whether providing a fresh start to our new neighbors or new life to an old piece of furniture.

Sparrow uses local and sustainable wood with modern and classic designs to create custom furniture and home goods. Sustainability is factored into everything we do: in addition to saving old furniture in destined for the landfill, we partner with Zena Forrest products, a local sustainable forest and mill located just minutes outside of Salem. We even use our offcuts for many of our smaller home goods, further reducing the waste that is normally produced in a wood shop.

Sparrow Furniture focuses heavily on two types of work: custom built

furniture and furniture restoration. We take old heavily, loved wood furniture and give it new life by sanding it down, repairing broken parts and repurposing otherwise outdated items. With these t Custom work is our other focus. We have the capacity, tools, and staffing to take on projects both large and small. We've partnered with many local restaurants and commercial spaces to help them build out their space. We focus on solid, wood, quality furniture, including tables, benches bar, tops, counters, and so much more to create that special item for your home or business, within a wide variety of budgets.

Whether you're looking at refinish furniture or looking for a new custom piece we work with you from start to finish to help you meet your project goals while creatively working within your budget. If you have a custom woodworking project and are passionate about supporting a local business that echniques, we are able to provide beautiful furniture at a great price. These items are constantly changing and are always available for viewing in our showroom off Broadway in Salem. supports our community, please give us a call or visit our website.

Oregon Department of Revenue's Withholding and Payroll Outreach

The primary function of the outreach events is to offer educational information and presentations on various topics to small business, associations, tax preparers, and more. Our outreach partners with private sector and government agencies at the local, state, and federal levels to best reach those who can benefit from increased knowledge and understanding regarding Oregon payroll withholding taxes and transit programs.

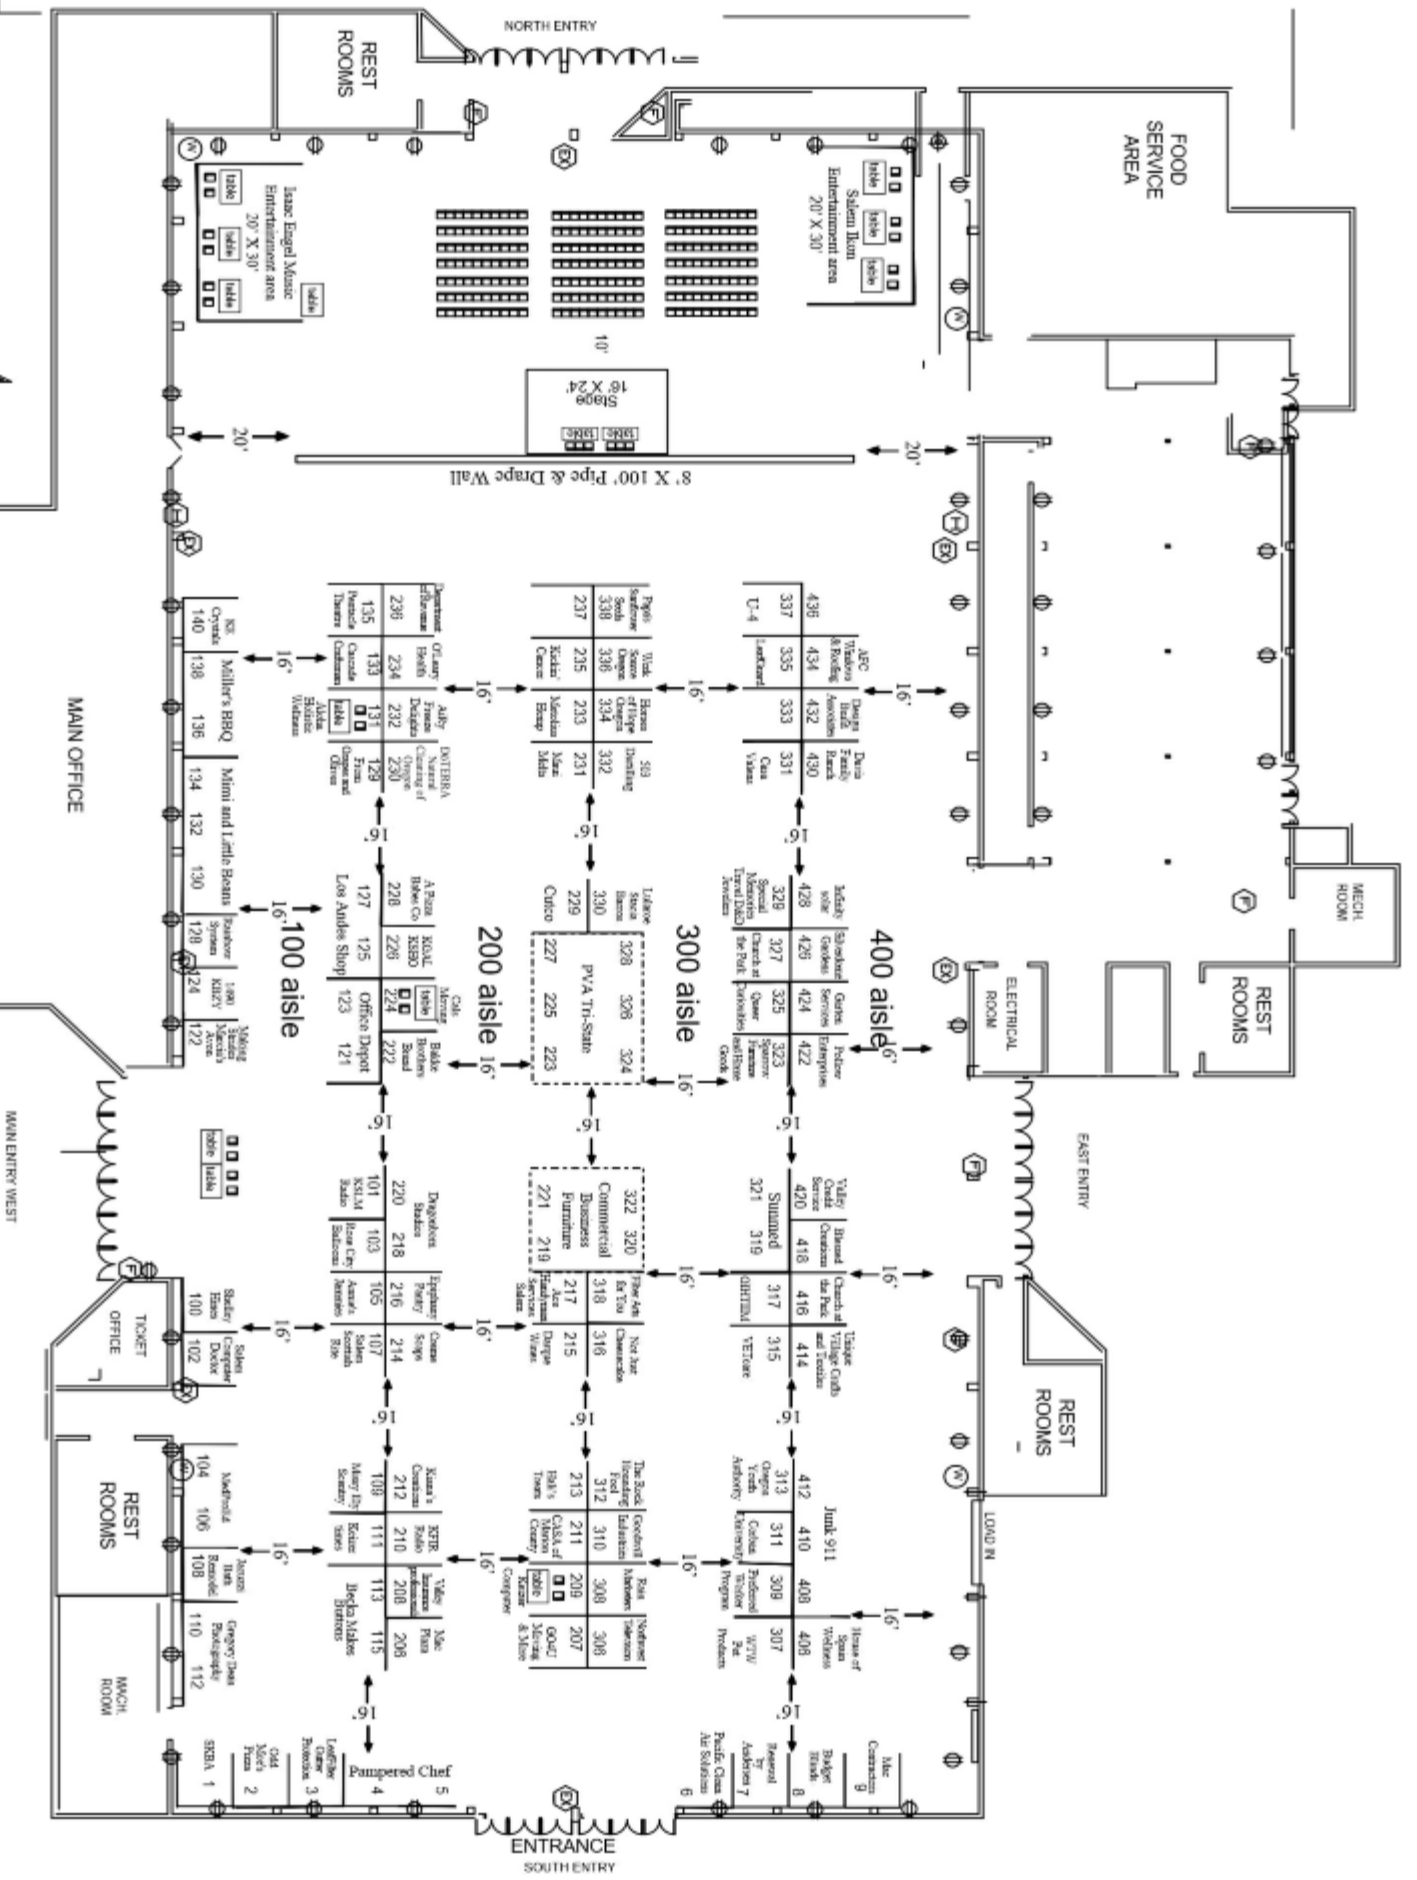

We offer free training each quarter on different topics that relate to understanding Oregon payroll. Want to learn more about future classes please email chris.cox@dor.orego.gov.
